# HENRY F. MICHELL CO.

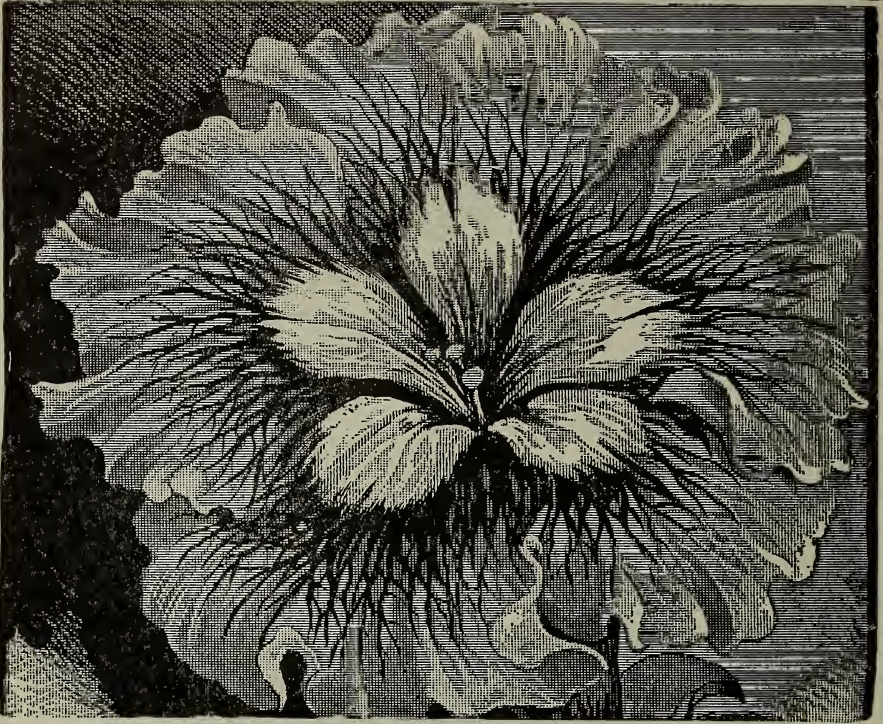

SPECIALISTS IN

“Distinctive” Seeds for Florists

518 MARKET STREET, PHILADELPHIA

“Evergreen” Seed Gardens, Andalusia, Pa.

**NEW LARGE FLOWERING PETUNIA  
Michell's "Monstrosus"**

A great acquisition to the list of Large Flowering Petunias, surpassing the well-known Giants of California. The flowers are of **immense size**, quite a number of which are **elegantly fringed**. The colorings, markings, veinings, blotches, etc., are superb, and many of them have deep throats of various shades. Plants of dwarf habit. Half trade pkt., 60c.; \$1.00 per trade pkt.

*Salvia, Michell's Scarlet Glow*

**NEW SALVIA (Scarlet Sage)  
Michell's "Scarlet Glow"**

A new variety of great merit; an improvement on the well-known and popular Zurich; larger flowers and more free blooming than any other variety; plants of dwarf habit, branch freely and are covered with **flowers of the most brilliant fiery scarlet**; blooms very early and continues until frost. Per trade pkt., 50c.; \$1.25 per ¼ oz.; per oz., \$4.00.

## MICHELL'S CANNA ROOTS

(Ready about December 20th)

Especially fine stock grown by ourselves at our Andalusia Nurseries. These will be found far superior to the cheap southern-grown Cannas, which cannot be relied upon for trueness to name. All of our Cannas are true to name.

**NEW CARNATIONS FOR 1915**

Orders booked now for thrifty-rooted cuttings, to be shipped as soon as originators will send them out—usually right after January 1st.

**Pink Sensation.** A large flower, averaging 4 to 4½ inches in diameter. The keeping qualities of this variety are better than ordinary, actual experience having proved flowers to have kept in good condition in water ten days after cutting. The color is a well-defined pink, lighter than Gloriosa. The plant is of compact growth, with heavy foliage, and produces well-shaped blooms on long, stiff stems. \$2.00 per doz.; per 25, \$3.50; \$12.00 per 100; per 1,000, \$100.00.

**Good Cheer.** Deep pink, darker than Gloriosa, extra long, stiff stems; flowers 3 to 3½ inches in diameter of wonderful keeping qualities. It is a wonderful producer with great merit. \$2.00 per doz.; per 25, \$3.50; \$12.00 per 100; per 1,000, \$100.00.

**Alice.** A beautiful shade of clear blush pink without a trace of salmon; midway between Gloriosa and Enchantress. In opening the color of the flower is deepest towards the center. This spreads evenly when fully expanded. The blooms measure 3 to 3½ inches in diameter. The calyx is strong, so that a bursted flower is a rarity. \$2.00 per doz.; per 25, \$3.50; \$12.00 per 100; per 1,000, \$100.00.

**Mrs. Alice Coombs.** Splendid light pink of Gloriosa shade, a variety of exceptional merit that has already proved its worth on the exhibition table. Very stiff stem and free bloomer. \$2.00 per doz.; per 25, \$3.50; \$12.00 per 100; per 1,000, \$100.00.

**Laura Weber.** A lovely shade of pink, not quite as deep as Gloriosa; a color that glows under artificial light. It does not fade at the edge of the petals. As a shipper it is claimed to have no equal, blooms having traveled 1,000 miles or more, reaching their destination in fine order. It is a free bloomer and robust grower, producing very large flowers. \$2.00 per doz.; per 25, \$3.50; \$12.00 per 100; per 1,000, \$100.00.

# "HELEN MICHELL"

## THE NEW SCARLET BEDDING GERANIUM

INTRODUCED BY US IN 1914

**OUR CLAIM** for this novelty is, that it surpasses all other Scarlet Geraniums.

- |   |  |
|---|--|
| (1.) In brilliancy of color.                        | (6.) In constancy of bloom.  |
| (2.) In size of bloom.                              | (7.) In propagating quality.   |
| (3.) In number of clusters to the individual plant. | (8.) In a wonderful ability to retain its brilliancy of color in the hottest of weather. |
| (4.) In vigor and strength.                         |  |
| (5.) In earliness of bloom.                         |  |

We have observed this Geranium very carefully and present the above claims as based upon personal experience.

**"Helen Michell" is Semi-Double, of the Clearest Possible Shade of Scarlet, is Early in Bloom, and Flowers Very Freely During the Entire Season**

It grows compact medium dwarf, with lustrous green foliage and throws up gigantic flower-heads very freely. We claim it to have the largest flower-heads of any of the Bedding Geraniums. Individual blooms often measure 2½ inches across. It is a common occurrence that a single 4-inch pot plant shows four fully open gigantic flower-spikes, several half open and more in bud.

Its propagating quality is the best ever. More cuttings can be made from this variety than any other.

To compare it with some of the best-known commercial scarlet varieties, we simply state that it puts the present standard bearer, "Alphonse Ricard," entirely in the background and soon will supplant it altogether.

There are more Scarlet Geraniums in demand than any other color, so be in line and grow the best.

**For delivery beginning in January, 1915, from 2¼-inch pots  
PRICES TO THE FLORIST TRADE:**

Per dozen, \$1.00; \$6.00 per 100; per 1,000, \$50.00. Six at dozen rate, 25 at 100 rate, 250 at 1,000 rate.

**One of the many Testimonials on Geranium "Helen Michell."**

*Laurel Hill Cemetery, Philadelphia.*

We are pleased to advise you that the "Helen Michell" Geraniums procured from you the past season have given splendid satisfaction; it is a vigorous grower and a free bloomer. We intend planting it extensively next season.

EDW. M. CAVANAUGH,  
Supt. Gardener.
